Project Title: **Primary School Classrooms**

Project Abstract:

Our local primary school has been in a state of crisis for a long time. Five class rooms for seven grades. Kilimo Timilifu (KT) has taken on the project of building two more class rooms to make a total of seven classrooms.

The total cost of building these two class rooms is \$11,930 USD.

KT was able to raise \$5,000 USD already.

The remaining need for these classrooms is **\$6,930 USD**.

Project Description:

For a very long time the Primary School in Mchinga Mbili, (where KT is located) has been in a state of crisis. One of the contributing factors is the lack of classrooms. The school teaches reception class (kindergarten) and grades one through seven, but only has 5 classrooms to work with. It's quite the juggling act to rotate students from classroom to shade tree and back as they have to take turns with other grades using the few classrooms.

KT recognized this need and decided to do something about it. We calculated a conservative budget of \$10,300 USD to complete the two classrooms, and \$1,630 USD to complete all the desks (furniture) for these classrooms. The first \$5,000 USD came in early, so we began to build in March 2018, as this was an urgent need. In April our local cement company terminated operations for major renovations. This caused the local market for cement to rise significantly because the next closest place to get cement from is Dar es Salaam (8 hours North). By June 2018 we completed both classrooms including desks for the students while only having exceeded our budget by \$200 USD in spite of the cement factory closure. Our remaining amount still needed to raise for the full completion of this project is \$6,930 USD.

Project Goals & Objectives:

- Raise \$6,930 USD more for a total of \$11,930 USD.
- Build two new classrooms for the Mchinga Mbili Primary School – Done!
- Build all the necessary desks for the students to use the new classrooms – Done!
- Officially give the classrooms to the school as a gift from KT to the community – Done!

Project Timeline:

Construction was completed in June-2018, but project funds remain in a deficit.

Project Budget:

USD	Budget Item
\$10,300.00	2 Classrooms
\$1,630.00	Desks (Furniture)
-\$5,000.00	Gifts Received so far
\$6,930.00	Total Need Remaining

Where to donate:

If tax deductible receipt **is** needed:

In the USA: <https://www.mrds.org/donate/KTTanzania.001.php> Add comment “Classrooms”

In Canada: <https://mrds.ca/donate/> MRDS Canada Project Code: “**KTTanzania.001-Classrooms**”

Millennium Relief & Development Service (MRDS) is KT’s charitable partner both in the USA and Canada.

Please consider adding 5% to your gift to cover MRDS’s administration costs.

If a tax deductible receipt **is NOT** needed please send electronically the funds to:

Bank Name: Citibank, NA

Bank Branch: New York

Bank Location: 111 Wall Street, New York, NY 11120

ABA: 021000089

Account Name: AIM International

Account #: 36826621

MEMO: For KT credit into AIM ABS-1800-9005-200

Note: If Citibank is used, please notify KT at ceo@kttanzania.org so we can follow up.

If wishing to donate outside the USA or Canada, please contact ceo@kttanzania.org for options.
